# Doptelet® connect | PROCESS FLOW FOR HEALTHCARE PROVIDER OFFICES

Doptelet Connect™ offers access and reimbursement support to help patients access Doptelet® (avatrombopag). Doptelet Connect provides information regarding patient healthcare coverage options and financial assistance information that may be available to help patients with financial needs.

## DOPTELET CONNECT CAN

- Evaluate a patient's prescription coverage, including BI, PA, and appeal assistance support

- Provide field reimbursement support through a single point of contact

- Provide financial assistance information

- Identify potential financial assistance options that may be available to help eligible patients with financial needs

- Answer logistical questions and provide information and coordination around the specialty pharmacy fulfillment process

After identifying an appropriate patient, follow the steps to access Doptelet through Doptelet Connect. The tasks on the left should be completed by the HCP office to initiate each step, and the tasks on the right are completed by Doptelet Connect.
