

Doptelet Connect offers access and reimbursement support to help patients access Doptelet® (avatrombopag). Doptelet Connect provides information regarding patient healthcare coverage options and financial assistance information that may be available to help patients with financial needs. Doptelet Connect can:

- Evaluate a patient's prescription coverage, including benefits investigation, prior authorization, and appeal assistance support
- Provide field reimbursement support through a single point of contact
- Provide financial assistance information
- Identify potential financial assistance options that may be available to help eligible patients with financial needs
- Answer logistical questions and provide information and coordination around the specialty pharmacy fulfillment process

PATIENT ASSISTANCE

Doptelet Connect can provide information about potential programs and patient assistance options that may be available to patients. These offerings include

- The **Doptelet Copay Assistance Program*** for eligible patients who have commercial prescription insurance. Patients may pay as little as \$0 per prescription, up to a maximum of \$15,000 per calendar year
- The **Doptelet Patient Assistance Program†** which provides Doptelet at no cost to patients who meet the program eligibility requirements
- The **Doptelet Free Trial Offer‡** which provides a 15-day supply of Doptelet, at no cost, to patients who are new to Doptelet and have chronic immune thrombocytopenia (ITP). The Free Trial Offer allows physicians and patients to evaluate a patient's clinical response to Doptelet to determine whether it is the appropriate treatment

PHARMACIES AND DISTRIBUTORS

Doptelet prescriptions are filled through specialty pharmacies in the Doptelet network or by dispensing physician practices. Specialty pharmacies typically mail the prescriptions directly to the patient. Physician practices may also elect to dispense Doptelet through their in-office dispensing pharmacies.
